Resources for health professionals

Additional information for referrers can be found below.

General resources for referrers:

- [Priority Care Centres General Information Sheet \(PDF 560KB\)](#)
- [Priority Care Centres Clinical Decision Support Tool \(PDF 450KB\)](#)

Resources for GPs:

- [Online referral form](#)
- [General Practice to Priority Care Centre Referral Pathway \(PDF 485KB\)](#)
- [Information for General Practitioners \(PDF 616KB\)](#)

It is located under this as we do not want the general public to access the form and refer themselves, however your members can access it and select 'South Australian School Nurses Association' as their Clinical Role, with a free text option to add 'School name' underneath.

In regard to the discharge summary, this must be requested by the care giver of the patient, we are not able to share patient information unless they specifically request. I would recommend that with the online referral request a D/C summary be sent, this way our staff can gain consent when assessing the patient.
